

JOIN THE WESTERN NEW YORK HOSTA SOCIETY

The Western New York Hosta Society was formed in 1996 and has grown to be one of the largest and most active plant societies in the area with members stretching from Pennsylvania to Youngstown and even Canada. We make no demands upon our members except that they become as active as they wish to be - and for those who ARE active, we offer "HOSTA BUX", a currency that can be redeemed for hostas at our picnic and sale.

You'll find our members are friendly and welcoming. Why not give us a try.
